...everything is in the details

The Company Cosmetic Decor was established in 1998 and since then it has become one of the leading manufacturers of glassware decoration in the Russian Federation. We create the image of expensive, unique and high-quality product.

For the time being we are the most technological company in Russia and we do best to be the first in the field of glassware decoration. Our commitment to quality is backed by ISO 9001 certificate.

We provide services as a decoration on your bottle and also can help you choosing the optimal variant of glass containers for applying decoration in accordance with your requirements.
Strong partnerships with Glassworks allow us to control the production process of glass bottles at all stages to ensure the quality and supply you on time.

Today we can offer not only traditional technology such as:

- Silk screen printing
- Satining
- Coating
- Crystallizing

But also non-standard options for decoration of glassware, that will certainly make your products more attractive to consumers and noticeable on the shelf of shops.

We appreciate every customer and every project, regardless of company size or volumes of the order, and would be very pleased if you would consider our company as a possible supplier of decorated glassware.

Today our designed bottles can be found in the United States, Canada, Poland, Belarus, Kazakhstan, Tajikistan, Kyrgyzstan and other countries.
You would be most welcome to become our partner and enjoy the new possibilities opening up with this cooperation.
